PROFILE

Senior Tech Recruiter specialised in AI, Data and Engineering hiring. Head of the Data/AI practice at Lity, then independent with Bluecoders and Axioma Search: 35+ placements, ~4 weeks average time to fill, in direct partnership with founders, CTOs and hiring managers. I'm looking to join a tech scale-up in-house to build and scale its engineering and AI teams.

PROFESSIONAL EXPERIENCES

Sept 2026 — Present

Senior Talent Partner, Axioma Search — Paris

Run full-cycle recruitment (sourcing to closing) for AI scale-ups across Europe and the US, working directly with founders and hiring managers

- Leading Research Engineers/Scientists hiring for H Company (Paris/London)
- Leading Software Engineer hiring for EliseAI (NY/SF)
- Managing additional active mandates across the AI startup ecosystem
- Active on business development — opening and growing new client accounts

May 2025 — Aug 2026

Tech Recruiter, Business Developer, Bluecoders — Paris

End-to-end recruitment for AI, Data and Engineering roles: role scoping with founders and hiring managers, sourcing, qualification, interview follow-up, offer negotiation and onboarding support

Key achievements :

- Placed 12+ profiles across 10+ client companies in 16 months (White Circle, Hynaero, Les Sherpas, Hector), with a ~4-week average time to fill
- €200K revenue in year one — building directly on the performance delivered at Lity, with greater autonomy and responsibility

Apr 2023 — Apr 2025

Tech Recruiter, Business Developer, Lity — Paris

Leading the Data/AI Division at Lity:

- Understanding partner needs, sourcing and qualifying candidates, managing the recruitment process and interviews, closing, follow-up, and onboarding
- Daily interactions with C-Level executives from startups, scale-ups, and SMEs
- Partnered with CEOs and CTOs of startups and scale-ups to define roles, hiring plans and interview processes

Key achievements :

- Opened 20+ key accounts and built long-term hiring partnerships with French tech scale-ups (Qwant, Aqemia, Swaap, Iexec, Neuralk AI, Presti), several of which came back for repeat hires
- Placed 20+ top Data/AI profiles on permanent contracts, generating €250K in revenue over a rolling 12-month period in a highly competitive and talent-scarce market

Jan 2020 — Jan 2023

Co-Founder & Account Manager, Majora Prod — Paris

Managing director of Majora Prod, a podcast production company
(*Twice awarded at the Paris Podcast Festival*)

- Responsible for opening new accounts, business development, and creating the business model
- Handled quotes, contract negotiations, invoicing, and budget management

Key achievements:

- Opened key accounts for the company (Le Parisien, Public Sénat, L'Équipe, Samsa, A/R Magazine); produced two original podcasts awarded at the Paris Podcast Festival
- Reached profitability within two years

INTERNSHIP

Jan 2018 — Jul 2018 **Headhunter, Montreal Associates** London

Recruitment of software engineers for major IT Accounts (BNP, Sopra, Accenture) :

- Prospected to generate leads, sourced IT profiles, managed recruitment processes
- Negotiated salaries and successfully closed candidates

EDUCATION

2015 — 2020 **Master Consulting, ESSCA School of Management** Paris

2014 **Baccalauréat Es, Lycée Notre-Dame de Sion** Paris
